

The Village of Wauconda's Adopt A Hydrant Program

We need your help! The Village of Wauconda's **Adopt-A-Hydrant** program brings citizen volunteers into partnership with the Village to keep our community looking great. Please consider adding your group to our list of volunteers who make a positive impact on the area where we live and allow visitors to our community to have a great first impression of our Village.

What's required to participate?

Your time and effort. It's that easy! Each volunteer group is assigned a group of hydrants to improve. (Groups may choose the particular hydrants, subject to Village approval.) Your group will be given instructions and materials to complete the needed work. In addition to the sense of pride your group will feel by enhancing the appearance of your community, your group will earn \$10.00 per hydrant to put towards whatever you choose.

Who's eligible?

Just about any group. It's a great opportunity for all types of organizations, including scout troops, homeowners groups, church groups, activity and teen groups, clubs, service organizations and senior citizen groups. Crew members must be a minimum of 10 years old. Participants between the ages of 10 - 18 must have adult supervision at a ratio of one adult for every five youth.

An important note about safety

All Adopt-a-Hydrant participants are required to follow safety procedures during participation. All participants are required to wear a safety vest while working and age restrictions must be strictly followed.

How can we sign up?

Contact the Village of Wauconda Public Works Department at (847) 526-9610 to receive an Adopt-A-Hydrant application form today!
