PERMIT REQUIREMENTS

Emergency Generator Installation

- ◆ The generator must be located a minimum of 5' off property lines.
- ◆ The generator must be located a minimum of 18" away from any structure, or per manufacturers recommendation. Generator specifications, installation inspections and a one-line electrical diagram must be submitted with the permit application.
- ◆ When the project is completed, you must call 847-526-9609 for a final electrical inspection. Installation contractor/electrician must be present at time of the final inspection to demonstrate proper operation.
- ◆ NOTE: The Village of Wauconda does not currently have a Contractor Registration Program or license requirements for electricians.

The Village accepts checks or cash for payment of permit fees.
Credit and Debit cards are not accepted at this time.
